Dear Messrs. Eagland, Hlongwane, Bauckloh & Baumgart,

**SUBJECT: THEFT OF COPPER CABLE - CAPTURING OF CULPRIT -
TOKEN OF APPRECIATION -
CONTRACTOR'S SUB-CONTRACTOR - SGB SCAFFOLDING**

On behalf of the Employer, the Resident Engineer records her token of appreciation to all those involved for the capture of a culprit involved in the theft of copper cable in Boiler Unit 2 on the 43 metre level, *emphasis added*.

The Resident Engineer understands that employees of the Contractor's Sub-Contractor **SGB Scaffolding** chased and caught an individual during the night shift on 27th June 2016 who had been involved in the un-authorized removal of copper cable. It is understood that more than one person was involved but having caught one individual, the SGB Scaffolding employees called Eskom Security and handed him over.

The Resident Engineer requests that the Contractor pass-on these thanks and congratulations for their intuition, quick reactions, commitment and sense of ownership to the Project, to the following involved persons from SGB Scaffolding :-

T.L. Mogakane	(SVJ 11/5)
S.J. Mlangeni	(SVJ 561)
Y. Dungu	(SVJ 791)
M. Vendle	(SVJ 801)
B. Maqenda	(SVJ 840)
M. Bophela	(SVJ 211)
M.S. Mbenjwa	(SVJ 905)
Z. Makha	(SVJ 166)

Their prompt and unselfish actions have saved additional costs and work and potential delays to the Unit 2 schedule. Their actions are commendable.

The Contractor is invited to publicise these actions and others are invited to follow this fine example.

Yours sincerely,

A handwritten signature in blue ink that reads "S. Billington". The signature is stylized with a large, sweeping flourish at the end.

Steve Billington

Discipline Contract Manager
